

PharmaNext 2026

5th International Conference on

Pharma Research & Development

June 18-19 at Prague | Czech Republic

Theme: "From Molecule to Market - Advancing Pharmaceuticals,
Pharmacology & Drug Innovation"

Venue: Hotel Duo, Prague, Czech Republic

Invitation

We are pleased to announce the “**PharmaNext 2026: 5th International Pharma Innovation Summit**”, taking place on **June 18-19, 2026** at **Prague, Czech Republic and Virtually**. The **PharmaNext 2026** brings together experts, practitioners, researchers, and industry delegates to explore the role of time-tested healing systems and their integration with contemporary medical science.

This year’s theme “**From Molecule to Market — Advancing Pharmaceuticals, Pharmacology & Drug Innovation**” reflects the complete journey of drug discovery and development, transforming promising molecules into life-changing medicines. This theme highlights the integration of pharmaceuticals, pharmacology, and cutting-edge innovations to bridge the gap between laboratory research and patient care. It emphasizes collaboration between scientists, clinicians, and industry leaders to accelerate breakthroughs, ensure safety and efficacy, and ultimately bring novel therapies to the global market.

PharmaNext 2026 is a premier international event focused on sparking fresh ideas and inspiring meaningful conversations among passionate minds, this program emphasizes the latest advancements, innovative practices, and real-world applications in the field.

Attendees will gain a comprehensive understanding of the end-to-end drug development process, from molecular discovery to market launch. The conference will provide deep insights into advances in pharmaceuticals, pharmacology, and innovative drug technologies. Participants will explore emerging trends such as personalized medicine, AI-driven drug design, and novel delivery systems. Sessions will highlight real-world case studies and regulatory perspectives to bridge research and application. Beyond knowledge, attendees will connect with global experts, fostering collaborations that accelerate the journey of molecules into impactful medicines.

Brian Mitchell,
Program Coordinator
PharmNext 2026

Why Attend?

- Hear from **over 50+ world-renowned speakers and researchers**
- Join interactive **workshops, panels, and case study sessions**
- Network with **professionals, academics, and health innovators**
- Explore an **exhibitor hall** with cutting-edge wellness solutions

Who Should Attend?

- Pharmaceutical scientists & Researchers who want to explore the latest strategies to move molecules into viable medicines.
- Pharmacologists, Toxicologists & Biomedical experts those studying drug mechanisms, safety efficacy and therapeutic potential across various disease areas.
- Clinical Researchers & Healthcare Professionals who are involved in translating preclinical findings into human applications, managing clinical trials & improving patient outcomes.
- Academicians, students & early career scientists looking to deepen their knowledge, exchange ideas & build future-ready careers in pharmaceuticals & pharmacology.
- Biotech & Pharma industry leaders aiming to accelerate product pipelines, integrate new technologies & expand global impact.

Conference Highlights

- Drug Discovery & Development
- Pharmacogenomics
- Pharmacovigilance
- Toxicology
- Clinical pharmacology
- Clinical Pharmacokinetics
- Neuro & Psychopharmacology
- Pediatric & Geriatric Pharmacology
- Nano Drug Delivery Technologies
- Pharmacokinetics & Pharmacodynamics
- PD models (PBPK/PD combined modeling)
- Artificial Intelligence / Machine Learning Applications
- Advanced Drug Delivery systems & Formulation
- Drug Repurposing & Repositioning
- Biologics and Biosimilars
- Drug Drug Interactions
- Biopharmaceuticals
- Pharmaceutical Biotechnology
- Innovations in Analytical R & D
- Medicinal & Natural Products in Modern Pharma
- Clinical Trials and its future
- Next-Gen Antiinfectives & Pandemic Preparedness
- Therapeutic Journeys: Exploring Routes of Administration

For abstract Submission: <https://pharmanext.org/abstractsubmission>

Registration Prices

Category	Early-Bird	Standard	Final Call
In-Person Speaker	€ 799	€ 899	€ 999
Delegate	€ 899	€ 999	€ 1,099
Virtual Speaker/Delegate	€ 299	€ 399	€ 449
Young Researcher/Poster	€ 499	€ 599	€ 699
E-Poster	€ 99	€ 149	€ 199

Important Dates

Conference Dates:	June 18-19, 2026
Abstract Submission opens:	September 19, 2025
Abstract Submission Deadline:	October 10, 2025
Registration Opens:	September 19, 2025
Early-Bird Registration:	On or Before: October 16, 2025
Standard Registration:	Before December 10, 2025
Final Call Registration:	On or Before June 18, 2026

To register online: <https://pharmanext.org/registration>
